

PARTNERING WITH OHIO FFA

2025-2026 • OHIO FFA FOUNDATION

WHO WE ARE

Ohio FFA has been growing the next generation of leaders for nearly 100 years.

Our current FFA is the top school-based youth leadership development organization in the country. We transform the lives of middle and high school students through a unique combination of classroom curriculum; experiential work-based learning and; leadership and life skills. FFA provides young people with a community of support and opens a world of opportunity.

WHAT WE DO

The Ohio FFA Foundation develops partnerships that generate financial support for programs and services that benefit Ohio FFA members.

To provide a high-quality intracurricular experience for Ohio students and teachers, the Ohio FFA Foundation works alongside the Ohio FFA Association and Ohio Department of Education and Workforce. Supporting the Ohio FFA Foundation is investing in:

- Workforce development
- Agricultural literacy
- Leadership skills
- Community improvement

Students in our state invest more than **3.8 million hours** in more than 31,000 work-based learning projects.*

Ohio members generate an economic impact of more than **\$19 million** and directly spend more than \$10 million on their projects each year.*

FFA members make great employees. Ohio students report more than **15,000 job placements** annually.*

FFA members develop the necessary skills to continue their education in college or to enter the workforce immediately.

FFA provides opportunities to demonstrate literacy, advocacy, and technical skills in agriculture, food, and natural resources.

FFA prepares members to be globally-conscious citizens of their community, their state, their country, and the world.

"I am confident speaking in front of any number of people, and I can hold a meaningful conversation with anyone I interact with – no matter how similar or different we are."

Austin Manning, Ripley-Union-Lewis-Huntington FFA

THE DIFFERENCE WE MAKE TOGETHER

FFA empowers students to become skilled and dedicated employees through hands-on experiences and real-world learning.

Through work-based learning and dynamic competitions, members develop both technical knowledge and essential life skills, like communication, teamwork, and leadership. With strong industry partnerships and career-focused training, FFA connects students to meaningful opportunities and career pathways. FFA inspires students to lead, innovate, and make a lasting impact in the workforce and beyond.

FFA is growing leaders by providing students with opportunities to develop confidence and leadership and life skills.

Members can take on leadership roles at the chapter, state, and national levels. No matter their role, members are learning to organize events, facilitate peers, speak publicly, and work as a team. Through competitions, conferences, and service projects, students practice decision-making, problem-solving, and goal setting. FFA is growing the next generation of leaders by empowering young people to lead with purpose and integrity.

FFA encourages agricultural literacy by educating students and communities about the importance of agriculture.

Members engage in classroom learning, hands-on projects, and community outreach events that help bridge the gap between those who are involved in agriculture and those who aren't. Through advocacy, school programs, and public presentations, FFA members share the story of agriculture in a relatable and impactful way. FFA helps create a more informed society and increases familiarity with our state's top industry.

The Ohio FFA Foundation supports teachers by providing resources and training to help them succeed in and out of the classroom.

Through professional development events for pre-service and early-career educators and partnering with the Ohio Association of Agricultural Educators (OAAE), the Ohio FFA Foundation provides a place for teachers to share ideas that advance FFA programs for everyone. Ohio FFA Foundation empower teachers and better prepare them to assist students from all backgrounds on their agricultural education journeys.

HOW TO BE ENGAGED

Blue \$5,000- 9,999	Bronze \$10,000- 14,999	Silver \$15,000- 24,999	Gold \$25,000- 49,999	Platinum \$50,000- 74,999	Diamond \$75,000+	Deliverables and Recognitions

The Ohio FFA Foundation develops partnerships that generate financial support for programs and services that benefit Ohio FFA members. Contact Amy Jo Baughman, executive director, at ajbaughman@ohioffa.org or **614-299-1332** to learn more.

"Through FFA, I've discovered my career path, developed lifelong friendships, and learned the value of hard work and service. It has truly shaped who I am, and who I want to become."

Taylor Johnson, Evergreen FFA
