American FFA Degree Check Sheet with Minimum Standards

Items used on the application cannot be duplicated to meet the minimum standards listed above with the exception of:

1. Improvement Project hours as part of the SAE hours. These hours will be calculated at a rate of \$3.56 automatically on the application.
2. All dates on the application pg.2 through pg. 13 (last page) are the same. (Cover Page can have a different date.)
3. Documentation of how a student obtained beginning inventory for their first record book is not needed, only the starting amount listed in their beginning net worth statement is required. Any inventory obtained during the fiscal year (purchased or received as gift/inheritance) and listed as ending inventory value will need to have an offsetting cash or noncash expense and reported accordingly on the application. The exception to this is for inventory that was raised or born during that fiscal year and still held for sale, personal use or breeding purposes at the end of the year. The cost for obtaining these items is covered as part of the current operation expenses. The value of items received as gifts or inheritances should be listed in the record book as a non cash expense (to buy the item into the record system) and the value listed as income other than earnings in the Summary of Contributed Capital section of the American Degree application.
