

## *Ashland Graduate Credit - Ag Ed Conference 2019*

**When:** June 11-13, 2019

**Where:** OSU—Nationwide & Ohio Farm Bureau 4-H Center, Columbus

For more information on the conference visit [www.ohioffa.org/resources/professional-development/](http://www.ohioffa.org/resources/professional-development/)

Innovating Agri-Science through the Art of Application Summer conference is essential to equipping Ag Teachers to stay current in instruction practices and industry innovations. This year's conference will provide pathway tours in the areas of Agribusiness and Production Systems, Industrial Power Technology, Animal Science and Management, Agriculture, Food and Natural Resources Bioscience, Horticulture and Natural Resource Management. Participants will have the opportunity to choose breakout sessions some of which include hydraulics in the classroom. Friction welding with plastic, using livestock to teach data, OWL Pellets Podcast, standards based grading and many others.

### *Get Grad Credit with Ashland University!*

Requirements: Log 12.5 hours of sessions.

Select one of four assignment options.

1. Two page reflection on a speaker
2. Reflect on your learning and discuss two concepts that resonated with you — 2 page paper
3. Choose one of the topics/strands and write a two page paper on implementation within your school.
4. Create a presentation to share with colleagues.
